This month's updates

Be careful when planning your holidays
The first few months of the year are a great time to think about getting away, but it's also a busy time for scammers. Make make sure you only book with ATOL-protected companies. Be wary of deals that seem too good to be true, especially from non-reputable travel agents and be careful of communicating outside official channels. If you're unsure, check reviews before you book any trips.

- **Your interest rates:** your simple standard and cash interest rates will move up and down in line with changes to the Bank of England Base Rate. Base Rate changes will not apply to your promotional and Instalment Plan interest rates
- **Simple interest:** we work out how much interest we charge each month using a simple interest rate
- **Compound interest:** we also show you the compound equivalent as it takes account of interest you will pay on interest if you do not repay your total outstanding balance in full each month. This rate may be the most comparable to rates you see offered by other credit cards.
- **Estimated interest:** this is an estimate of next month's interest based on your minimum payment reaching us on the payment due date. The actual amount of interest you pay may be less or more depending on when your payment reaches us, the amount you repay and whether you use your card.
- **For more information, interest calculator and more,** go to barclaycard.co.uk/understanding-interest or see the **How it works** section on this statement.

How it works

Summary box

The information contained in this table summarises the key product features not displayed elsewhere on the statement and is not intended to replace any terms and conditions.

Interest Free Period	• Maximum 56 days from date of **new transaction** - (including new purchases and cash withdrawals) if you pay your main balance (excluding any promotional balance with a 0% interest rate) and any monthly instalment plan payments (if you've taken out any instalment plans) in full and on time each month. Note - Your main balance is your current statement balance less any instalment plan balance. • Any instalment plan you take out is interest free until the end of the plan.
Interest Charging Information	If interest is payable it will be charged over the following period: **New transactions**, from the date the transaction is added to your account until the date of your last statement before the transaction is paid in full. If your main balance and any instalment plan payments due for that month are not paid in full, interest will be charged on all items in your main balance. Interest is charged on a daily basis. By repaying more of your balance, or by making your repayments earlier, you will pay less interest.
Allocation of Payments	Your payments will be applied in the following order: • To make any instalment plan payments due for that month. • To reduce your main balance (your statement balance less any instalment plan balance). We'll start with the balances charged at the highest interest rate first and then reduce the lower rate balances, and then • If you've taken out any instalment plans, to reduce any remaining instalment plan balance. Please see your Barclaycard Conditions for further details.
Minimum Repayment	The highest of: • £5.00 (or the full outstanding balance if it's less than £5.00); • 1.00% of your main balance plus any instalment plan payments due for that month; or • An amount equal to any interest, default fees or account maintenance fees that have been added to your account since your last statement, plus 1.00% of the rest of your main balance, plus any instalment plan payments due for that month. Default fees and account maintenance fees will only be included if the % referred to above is 1% or more.
Fees	There is no maintenance fee for this account.
Charges	• Cash fee: 2.99% (min £2.99 except for gaming transactions). • Balance transfers, money transfers and creating an instalment plan: depends on the offer.
Foreign Usage	Payment scheme exchange rate. The rate can be found at www.visa.co.uk/support/consumer/travel-support/exchange-rate-calculator.html www.mastercard.co.uk/en-gb/consumers/get-support/convert-currency.html One or more of the following may apply: • Non-sterling purchase fee: 2.99% • Cash fee: 2.99%
Default Fees	To avoid default fees, make sure we get your payments on time. We'll charge you a late payment fee of £12 no more than four times in a year. • Late payment: £12
